AGC - silica standards.

Christie REB? Metro

Next meeting gas detection, Industrial Scientific,

December should have fit testing.

LOTO possible for next year.

1st aid standards

Half day class silica testing, correct ways to do it

Outreach suggestions?

Flyer to SCATS.

Time to Robert Williams CCFD Hazardous materials permitting - PowerPoint

2012 International Fire Code, skipping 2015, waiting for 2018

Fire code = stationary

DOT = mobile

Static electricity, grounding, due to dryness here, very big problem, grounding rods typically 3' - 8' into the ground

NASCAR is exemplary

Cooling tower acid

Natural Alkaline water here needs acid, sulfuric acid added to balance ph

Adjourn after presentation 9:00 am
